

PAS 7100:2018 is the Government's Code of Practice on how to manage product safety recalls to protect the public. Our toolkit will teach you about:

- Why you need a Code of Practice
- What's in the Code of Practice
- Planning for the worst
- And if the worst happens...

The PAS7100.com toolkit also provides you with templates an on-line facility to generate the plans you need to comply with the Code of Practice, as well as a repository for the plans, incident reports and data you need to manage any product safety recalls and meet your product safety legal obligations

Who is this for?

- Manufacturers
- Retailers
- Importers
- Distributors

Value added features:

- ✓ Knowledge assessments to accompany the online learning
- ✓ How to get your FREE copy of PAS 7100:2018
- ✓ Online templates for your Product Safety Incident Plan
- ✓ Online templates for your safety incident reports
- ✓ Online repository for your Product Safety Incident Plan
- ✓ Online repository for your safety incident reports
