- Cloud based software as service delivery to wide range of platforms

Who are we?

AGLC have been trading for 10 years. We supply learning solutions to a wide range of organisations from local small companies to UK Dept of BEIS, Universities and the World Bank amongst other global agencies, and our collaborators include academics and regulatory experts

This online learning is designed to show you to maintain and improve the health and safety of your staff and the environment in which they work.

It is designed to help you create a better place for your staff to work.

This is intended to make your business more productive and effective and reduce your exposure to fines and other penalties
